A Mother's Love is a child longing for love and not getting it at home because we are too busy. And you realize if you don't give them love, they begin to look for love in all the wrong places.

A Mother's Love will never die, as long as you keep her in your heart, and as long as you can remember the good times and some bad times that made you grow up, and as long as your memories remain fresh about her, she will always be a part of your life.
